

Custom 360° HDMI Adaptor

Wall Plate and Cable Adaptor

NEW!

FEATURES:

- Field tested to be used in applications up to 12 meters
- Supported cable length from HDMI adaptor to A/V component up to 2 meters
- 7" length cable to reduce connection strain and make easy bend up or down in 2x4 and 2x6 wall construction
- Supported resolution 480p, 720p, 1080i, and 1080p
- Gold plated connector rotates 360° in increments of 45°, to align with HDMI cable and minimizes connection strain
- Connection is made parallel to the wall
- Contains "In Field" cut away panel for a second adaptor installation
- Wall Plate made of High Impact ABS to resist cracking
- Incorporates Splitplate™ patented wall plate design with snap fit connection
- Contractor size wall plate to cover up all surface imperfections surrounding low voltage box edges.
- CL3 rated cable for in wall use
- Available in White, Light Almond, Ivory, and Black

A second adaptor can be installed by removing the cut away panel

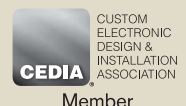

Patented Splitplate design for easy cable installation

Part No.	Description
	Custom 360° HDMI Adaptor
360A-7-WH	White Custom 360° HDMI Adaptor
360A-7-LA	Light Almond Custom 360° HDMI Adaptor
360A-7-IV	Ivory Custom 360° HDMI Adaptor
360A-7-BK	Black Custom 360° HDMI Adaptor

Part No.	Description
	Custom 360° HDMI Wall Plate
HDMI-1GWH	White Custom 360° HDMI Wall Plate
HDMI-1GLA	Light Almond Custom 360° HDMI Wall Plate
HDMI-1GIV	Ivory Custom 360° HDMI Wall Plate
HDMI-1GBK	Black Custom 360° HDMI Wall Plate
